# art&jack X-collection

Nu in 2021 lanceert Ofar een speciale lijn zonnebrillen, namelijk: de X-collection.

Deze zonnebrillenlijn is alles wat je gewend bent van art&jack: hoogwaardige kwaliteit, perfecte pasvorm en uniseks modellen. Waar de X-collection in uitblinkt zijn de fraaie details en gebruikte materialen. De X-collection zonnebrillen hebben een metalen montuur, acetaat oortips en nylon gepolariseerde of minerale glazen.

Now in 2021 we are launching a special series of sunglasses, namely: the X-collection. This sunglasses series is everything you know art&jack to be: high quality, perfect fit and unisex models. What the X-collection excels in are the beautiful details and materials that are used. The X-collection sunglasses have a metal frame, acetate temple tips and nylon polarized or mineral lenses.
